

Gregory Robert

AI & Machine Learning Engineer | Full-Stack Developer

Mumbai, India | +91 90295 96500 | gregorynadarrobert@gmail.com | linkedin.com/in/gregory-robert-7441512b5 | github.com/gregory-123-coder

EDUCATION

B.Tech — Artificial Intelligence & Data Science (AIDS)

Expected 2027

SIES Graduate School of Technology, Mumbai University

CGPA: 9.5 / 10.0

Class XII — ISC Science Stream

School Topper

Presentation Convent School

INTERSHIPS & EXPERIENCE

AI/ML Intern | Skill Guru Foundation (NGO)

Dec 2025 – Feb 2026

- Built ML models for question and content difficulty prediction to personalise student learning paths.
- Performed feature engineering, model evaluation, and performance analysis on real-world educational datasets.
- Implemented RAG-based AI workflows to improve content recommendations and adaptive assessments.

Flutter Developer Intern | Change Networks

Sep 2025 – Oct 2025

- Built Flutter-based cross-platform desktop applications for internal operations.
- Handled API integration and frontend development, improving workflow automation.

Flutter Developer — In-house Internship | SIES GST AI & Data Science Department

Jun 2024 (15 days)

- Developed a full-featured Pet Adoption App using Flutter and Firebase (real-time database, authentication).
- Completed value-added course on Mobile App Development using Flutter.

Blockchain Technology — In-house Internship | SIES GST AI & Data Science Department

Jan 2025 (15 days)

- Completed course on Blockchain Technology; built a Crowdfunding / Chat App as the internship project.

PROJECTS

Personalised AI Learning Platform

- AI-driven platform that predicts content difficulty and adapts learning paths using ML models and RAG pipelines.
- Integrates question difficulty scoring with personalised content delivery for students.

Pet Adoption App (Flutter + Firebase)

- Cross-platform mobile application with real-time data sync, authentication, and adoption workflow management.

Flutter Desktop Application

- Internal operations tool built for Change Networks; handled API integrations and business-logic automation.

Shipment Management System (Blockchain)

- Decentralised shipment management system built with Ganache, MetaMask, and Solidity.

CERTIFICATIONS

IBM Agentic AI Professional Certificate

IBM / Coursera (2026)

- Agentic AI fundamentals: AI Agents using LangChain and LangGraph.
- Advanced agent architectures: Reflection-based agents, multi-agent systems, and tool-using agents.
- Retrieval-Augmented Generation (RAG) pipelines for enterprise AI workflows.
- LangGraph state machines for stateful, controllable agent execution.

IBM AI Engineering Professional Certificate

IBM / Coursera (In Progress, 2026)

Linux for Developers (IBM) — IBM / Coursera (In Progress, 2026)

- **OCI Generative AI Professional** — Oracle University (Sep 2025 — valid until Sep 2027)
- **OCI AI Foundations Associate** — Oracle University (Aug 2025 — valid until Aug 2027)
- **MySQL HeatWave Implementation Certified Associate** — Oracle University (Oct 2025)
- **Microsoft Front-End Developer Professional Certificate** — Microsoft / Coursera (Dec 2025)
- **Python for Everybody Specialisation** — University of Michigan / Coursera (Jul 2025)
- **Data Science Foundations Specialisation** — University of London & IBM / Coursera (Oct 2025)
- **Flutter & Dart — The Complete Guide** — Udemy (Academind) (Sep 2024)
- **.NET Core & C# Certification** — NSDC (2025)

TECHNICAL SKILLS

Languages: Python, JavaScript, Dart, SQL, C, C#

AI / ML & Agentic Frameworks: LangChain, LangGraph, RAG Pipelines, AI Agents, Reflection-Based Agents, Multi-Agent Systems

AI / ML Concepts: Machine Learning, Difficulty Prediction, Retrieval-Augmented Generation (RAG), Generative AI, Agentic AI

Frameworks & Tools: Flutter, Angular, Express.js, .NET Core, Blazor

Databases & Cloud: Firebase, MySQL HeatWave, Oracle Cloud Infrastructure (OCI), AWS (EC2, S3, Lambda, Cloud Hosting)

ACHIEVEMENTS & COMPETITIONS

- Semi-Finalist — ET Generative AI Hackathon
- 2nd Prize — Cognition Project Presentation Competition, SIES GST (Oct 2024)
- Top 10 — Synapse Case Study Competition, SIES GST (Feb 2026)
- School Topper — ISC Science Stream, Presentation Convent School
- Participant — FedEx SMART Hackathon, Shaastra 2026 (IIT Madras)
- Participant — Bounty Quest 2026, Pragyan'26 (NIT Tiruchirappalli)
- Participant — OpScape 2.0 (IIM Tiruchirappalli)
- Participant — Hackfest Innov8 Tmrw (VIT Mumbai), Team Eternals
- Participant — Hero Campus Challenge Season 10 (Hero MotoCorp)
- Participant — AI Quiz Competition 2026 (KIoT, Tamil Nadu)
